

ADL Foundation at End of Life

January 2017

Pacific Crest has announced a last time buy program for the ADL Foundation, a UHF transceiver module.

The affected part numbers are as follows:

PN	Freq. Band	Interface
K01117	390-430 MHz	RS232
K01118	430-470 MHz	RS232
K01124	390-430 MHz	CMOS
K01125	430-470 MHz	CMOS

Pacific Crest will continue to accept orders for the ADL Foundation until 30 June 2017 (assuming parts availability). Pacific Crest will support each ADL Foundation module for 36 months after sale. This will include both technical support and repair (assuming parts availability). ADL firmware updates offered in the future will continue to be backward compatible with the ADL Foundation.

Developers are asked to consider replacing the ADL Foundation in their products with the [XDL Micro](#) 403-473 MHz transceiver module.

Please contact info@pacificcrest.com for more details.
