

PRODUCT BULLETIN

PDL Radio End of Service Announcement

March 2014

Pacific Crest has replaced the PDL product line of digital radios with the ADL and XDL lines. Our standard service policy is to offer service and support on each radio we sell for three years after sale, assuming parts availability. However, we have continued to service some radios for extended periods of time. With parts availability increasingly becoming a factor, we must now announce dates after which we can no longer accept RMAs to repair PDL radios.

31 May 2014 PDL LPB, PDL Rover, EDL II, Sitecom, PDL RXO, PDL Eurocard

31 December 2014 PDL HPB
